05/03/2025	F2.4	<u>General Meeting</u> Faculty member talk Outside pioneer talk
08/03/2025	Sports Complex	Sports Day
12/03/2025	F2.4	<u>General Meeting</u> Elders talk Solid structure lecture Family day
19/03/2025	F2.4	<u>General Meeting</u> Innovation Growth Project presentations by groups Bash planning
26/03/2025	F2.4	<u>General Meeting</u> Bash planning and Closing of the semester

WORKPLAN STATEMENT

The MMMEA has scheduled a series of activities aimed at fostering member engagement, professional development, and social interaction. Key events include General Meetings featuring masterclasses on CAD, coding, and electronics, as well as lectures on solid structure, material science, industrial education, and innovation growth 🏢🚲.

Members can look forward to memorable and educative experiences such as a hiking and fun day at Monkey Bay 🐵, an industrial visit to Wanjii Kengen Company, and a sports day at the Sports Complex.

The work plan also emphasizes on both technical and personal growth through peer tutoring, project presentations, and faculty talks.

Finally, we will conclude the semester with a bash 🍷🔥🎉 to celebrate the accomplishments of the semester.
